Effort report

A total of *140 hours* were spent on the development of the *TravelDream Agent* software and on the production of the related documents (Install Guide, User Guide). In particular:

- ★ 6 hours were spent on the installation and configuration of the development tools (Java Runtime Environment, Eclipse IDE, Glassfish Application Server, MySQL Community Server);
- ★ 8h30m were dedicated to the study of the Java EE 7 platform;
- ★ 112 hours were spent on the actual development of the program, including code writing, bug fixing, and testing.
- ★ 13h30m were reserved to the composition of the Install Guide and the User Guide.
